

§ 222.170

\$100 per pupil not covered under the equalization program. The permissible levy is not included in local tax revenues covered under the equalization program but it is included in total local tax revenues. The percentage of payments under the Act that may be taken into consideration is 87.5 percent (\$700/\$800). If LEA X receives \$100 per pupil in payments under the Act, \$87.50 per pupil may be taken into consideration. LEA X is now regarded as contributing \$787.50 per pupil under the program and State A would now contribute \$112.50 per pupil as the difference.

Example 3. State B has an equalization program under which each LEA is guaranteed \$900 per pupil for contributing the equivalent of a two mill tax levy. LEA X contributes \$700 per pupil from a two mill tax levy and an additional \$500 per pupil from local interest, bake sales, in-kind contributions, and other non-tax local sources. The percentage of funds under the Act that may be taken into consideration by State A for LEA X is 100 percent (\$700/\$700). The local revenue received from interest, bake sales, in-kind contributions and other non-tax local revenues are excluded from the computation since they are from non-tax sources. If LEA X receives \$100 per pupil in payments under the Act, \$100 per pupil may be taken into consideration by State A in determining LEA X's relative financial resources and needs under the program. LEA X is regarded as contributing \$800 and State A would now contribute the \$100 difference.

Example 4. State C has an equalization program in which each participating LEA is guaranteed a certain per pupil revenue at various levels of tax rates. For an eight mill rate the guarantee is \$500, for nine mills \$550, for 10 mills \$600. LEA X levies a 10 mill rate and realizes \$300 per pupil. Furthermore, it levies an additional 10 mills under a local leeway option realizing another \$300 per pupil. The \$300 proceeds of the local leeway option are not included in local tax revenues covered under the equalization program, but they are included in total local tax revenues. The percentage of payments under the Act that may be taken into consideration is 50 percent (\$300/\$600). If LEA X receives \$100 per pupil in payments under the Act, \$50 per pupil may be taken into consideration. LEA X may be regarded as contributing \$350 per pupil under the program and State B would now contribute \$250 as the difference.

Example 5. The initial facts are the same as in Example 4, except that LEA Y in State C, while taxing at the same 10 mill rate for both the equalization program and leeway allowance as LEA X, realizes \$550 per pupil for each tax. As with LEA X, the percentage of payments under the Act that may be taken into consideration for LEA Y is 50 percent (550/1100). If LEA Y receives \$150 per pupil in payments under the Act, then up to \$75 per pupil normally could be taken into

34 CFR Ch. II (7–1–10 Edition)

consideration. However, since LEA Y would have received only \$50 per pupil in State aid, only \$50 of the allowable \$75 could be taken into consideration. Thus, LEA Z may be regarded as contributing \$600 per pupil under the program and State B would not contribute any State aid.

Subpart L—Impact Aid Discretionary Construction Grant Program Under Section 8007(b) of the Act

SOURCE: 69 FR 12235, Mar. 15, 2004, unless otherwise noted.

GENERAL

§ 222.170 What is the purpose of the Impact Aid Discretionary Construction grant program (Section 8007(b) of the Act)?

The Impact Aid Discretionary Construction grant program provides competitive grants for emergency repairs and modernization of school facilities to certain eligible local educational agencies (LEAs) that receive formula Impact Aid funds.

(Authority: 20 U.S.C. 7707(b))

§ 222.171 What LEAs may be eligible for Discretionary Construction grants?

(a) Applications for these grants are considered in four funding priority categories. The specific requirements for each priority are detailed in §§ 222.177 through 222.182.

(b)(1) Generally, to be eligible for an emergency construction grant, an LEA must—

(i) Enroll a high proportion (at least 40 percent) of federally connected children in average daily attendance (ADA) who reside on Indian lands or who have a parent on active duty in the U.S. uniformed services;

(ii) Have a school that enrolls a high proportion of one of these types of students;

(iii) Be eligible for funding for heavily impacted LEAs under section 8003(b)(2) of the Act; or

(iv) Meet the specific numeric requirements regarding bonding capacity.

(2) The Secretary must also consider such factors as an LEA's total assessed

value of real property that may be taxed for school purposes, its availability and use of bonding capacity, and the nature and severity of the emergency.

(c)(1) Generally, to be eligible for a modernization construction grant, an LEA must—

(i) Be eligible for Impact Aid funding under either section 8002 or 8003 of the Act;

(ii) Be eligible for funding for heavily impacted LEAs under section 8003(b)(2) of the Act;

(iii) Enroll a high proportion (at least 40 percent) of federally connected children in ADA who reside on Indian lands or who have a parent on active duty in the U.S. uniformed services;

(iv) Have a school that enrolls a high proportion of one of these types of students; or

(v) Meet the specific numeric requirements regarding bonding capacity.

(2) The Secretary must also consider such factors as an LEA's total assessed value of real property that may be taxed for school purposes, its availability and use of bonding capacity, and the nature and severity of its need for modernization funds.

(Authority: 20 U.S.C. 7707(b))

§ 222.172 What activities may an LEA conduct with funds received under this program?

(a) An LEA may use emergency grant funds received under this program only to repair, renovate, alter, and, in the limited circumstances described in paragraph (c) of this section, replace a public elementary or secondary school facility used for free public education to ensure the health and safety of students and personnel, including providing accessibility for the disabled as part of a larger project.

(b) An LEA may use modernization grant funds received under this program only to renovate, alter, retrofit, extend, and, in the limited circumstances described in paragraph (c) of this section, replace a public elementary or secondary school facility used for free public education to provide school facilities that support a contemporary educational program for the LEA's students at normal capacity, and in accordance with the laws, stand-

ards, or common practices in the LEA's State.

(c)(1) An emergency or modernization grant under this program may be used for the construction of a new school facility but only if the Secretary determines—

(i) That the LEA holds title to the existing facility for which funding is requested; and

(ii) In consultation with the grantee, that partial or complete replacement of the facility would be less expensive or more cost-effective than improving the existing facility.

(2) When construction of a new school facility is permitted, emergency and modernization funds may be used only for a new school facility that is used for free public education. These funds may be used for the—

(i) Construction of instructional, resource, food service, and general or administrative support areas, so long as they are a part of the instructional facility; and

(ii) Purchase of initial equipment or machinery, and initial utility connections.

(Authority: 20 U.S.C. 7707(b))

§ 222.173 What activities will not receive funding under a Discretionary Construction grant?

The Secretary does not fund the following activities under a Discretionary Construction grant:

(a) Improvements to facilities for which the LEA does not have full title or other interest, such as a lease-hold interest.

(b) Improvements to or repairs of school grounds, such as environmental remediation, traffic remediation, and landscaping, that do not directly involve instructional facilities.

(c) Repair, renovation, alteration, or construction for stadiums or other facilities that are primarily used for athletic contests, exhibitions, and other events for which admission is charged to the general public.

(d) Improvements to or repairs of teacher housing.

(e) Except in the limited circumstances as provided in § 222.172(c), when new construction is permissible, acquisition of any interest in real property.
